CALL FOR PAPERS

Mecatronics – REM 2016- joint event is held in Compiègne – France. This event, promoted by the IOREM (International Organization for Research and Education in Mechatronics, the JSPE (Japan Society for Precision Engineering) and the International Network of Mechatronics Universities (www.mechatronics-net.de), is dedicated to the field of advanced mechatronics, either in the research or in the educational field. The congress will be held at the Université de Technologie de Compiègne June 15-17, 2016.

Detailed instructions can be found in Mecatronics – REM 2016 website

IMPORTANT DATES

Deadline for Submission of Organized Session Proposal : **January 15, 2016**

Deadline for Full Paper Submission : **February 15, 2016**

Notification of Acceptance : **March 15, 2016**

Deadline for Submission of Final Manuscripts : **April 15, 2016**

TECHNICAL TOPICS

Topics of interest include, but are not limited to:

1. Mechatronic systems design
2. Actuators and Motion Control
3. Modeling and Control
4. Sensors and Signal Processing, sensors networks
5. Visual Sensing and Image Processing
6. Optomechatronics
7. Micro/Nano-Systems, Microfactory
8. Robotics, Microrobotics
9. Energy harvesting, storage and management
10. Simulations and Simulation Software
11. Human-Machine Interaction
12. Systems of systems, connected systems
13. Methodologies and tools for mechatronic systems engineering
14. Education
15. Industrial Applications
16. Medical/Bio-Applications
